

2017

September 22 - 24

We hope you will join us for Fall ‘n’ Stars 2017 which will be held in Camp Sagonaska, a Boy Scout camp located within Colonel Roscoe Vanderwater Conservation Area, near Thomasburg, Ontario. Full information and maps of the area are available at our website <http://www.rascbelleville.ca/fallnstars>

Despite the growth of trees and its proximity to Belleville, the camp is quite good for astronomy. Latest sky quality readings are in the 21.35 (magnitudes per arc second) range. Most of the Sagittarius Messier objects are still available to the observer.

Those not wishing to camp can vie for plywood bunks in the longhouse. There is no extra charge for these but you are advised to bring your own bedding and an air mattress. There is also a motel in Thomasburg on HWY 37 just south of Vanderwater Road. Other motels are in Tweed, a short drive north on HWY 37.

This is a rustic environment with no hydro and is a fairly small and intimate area. Campers will be in close proximity to each other. For these reasons there are several rules that must be adhered to. Please see the website under “Etiquette” for these rules and practices.

**Please fill out the registration form on the next page and make your cheque or money order out to “RASC Kingston Centre”.
and Mail to: Kim Hay, 76 Colebrook Rd, RR1 Yarker, Ontario K0K 3N0.
